

TO WHOMSOEVER IT MAY CONCERN,

I have been availing the services from Mrinal Dhongde's '**Tatsam Linguistic Services**' for the last five years. She has been translating our publication '**Medical Diary**' annually for the last five years regularly, from Marathi to English.

Besides, she also translated the following books by Sharandhar Pharmaceuticals for us from Marathi to Hindi:

1. **Gharcha Vaidyaraj**
2. **Rogacha Samul Nash**

I am very happy with the punctuality of her work and also the quality of translation. It is not only correct but also lucid in style. She also takes efforts to verify scientific terms, discuss and use the best option while translating.

Working with Mrinal Dhongde has really been a pleasurable experience.
